

Editing Assessment Properties (formerly Settings)

Assessment Properties control how a quiz is delivered, when it is delivered, and to whom it is delivered.

The screenshot shows the LMS interface for 'SC Test Course - Caryn'. The 'Assessments' section is active, displaying a list of assessments: 'Test 1' (first quiz) and 'Mid-Term Examination (In Class)' (Mid-term exam, 40% of grade, (Hidden)). A context menu is open over the 'Mid-Term Examination' item, showing options: 'Go to Assessment', 'Edit Properties', 'Show Item', 'View Submissions', 'View Reports', 'View Links to this Item', and 'Set Release Criteria'. Below the main interface, the 'Edit Assessment Properties' dialog box is open, showing the following fields:

- *Title: QUIZ 5
- Description: (empty text area)
- Item Visibility: Show Item, Hide Item

- Click on the **grey arrow** to the right of the title of the Assessment
- Select **Edit Properties**

The Properties window opens.

- **Title:** Enter or edit the quiz title.
- Assessments are hidden by default. To make visible, click **Show Item**.

*Grade Book
column name:

- **Grade Book column name:** Enter the name you would like to appear in the **Grade Book** tool.

Question delivery: Deliver questions all at once.
 Deliver questions one at a time and allow questions to be revisited.
 Deliver questions one at a time and do not allow questions to be revisited.
Duration: Unlimited

- **Question delivery:** Specify how questions will be delivered.

Question titles: Display question titles.

- **Question titles:** Select if you want the question titles to be displayed when the quiz is delivered.

Display Assessment

- In the same browser window
- In a new browser window
- **Display Assessment:** The default setting has the Assessment display in a separate window.

Duration: Unlimited
 Time: Units:
 Disallow answer submission if time has expired.

- **Duration:** Specify duration on assessment. **Disallow answer submission if time has expired:** Select if you want to disallow students from submitting quizzes after the specified time has expired.

Attempts allowed:
 Randomize questions in a question set for each attempt

- **Attempts allowed:** Select the number of times a student can attempt the quiz.

*Attempts separation: Minimum time: Units:

- **Attempts separation:** If **Attempts allowed** is more than 1, set the length of time that the student must wait before making another attempt.

Student score: If multiple attempts are allowed, display the grade of the attempt as the student's grade.

- **Student score:** Specify whether Students receive their first, latest, or highest score, or an average of all their attempts for the quiz.

If multiple attempts are allowed, display the grade of the _____ attempt as the student's grade.

Student score release:

- Release the score once the assessment has been submitted.
- Release the score once the assessment has been submitted and all of the questions have been graded.
- Do not release the score.

- **Student score release:** Select the desired setting for releasing scores to Students.

Statistics release

- Release statistics to Students after releasing the score.
- **Statistics release:** Allow students to view class performance statistics.

Dates Available

⊕ Dates Available

Start Time:

End Time: Unlimited

End Time indicates when a Student can no longer access the assessment. However, if the Student starts the quiz before the End Time, they are allowed the full duration to complete the assessment.

Create a corresponding event in the Calendar

If you also set release criteria, this assessment will be available only when both release criteria and availability dates are met. Ensure that availability dates do not conflict with release criteria.

- **Dates Available:**
 - **Start time:** default is immediate. Edit settings if desired.
 - **End time:** Default is Unlimited. Edit settings if desired.
- **Note:** If you have specified release criteria for the quiz, ensure that any date criteria you have set does not conflict with the **Dates Available** settings.

Results Properties

Results Properties

Student results display:

- 1. Show the question text.
 - a) Show the Student's response for each question.
 - i) Show the percentage value of the Student's answer.
 - ii) Show the correct answer.
 - iii) Show the correct answer and the percentage value of the Student's answer.
- 2. Show the feedback for each question.
- 3. Show the Student's score for each question.
- 4. Show the Student's total score for the assessment.
- 5. Show the grader comments for the assessment.

E-mail results to:

- **Results Properties:** Specify how you would like assessment results displayed to students. The **Show the question text** checkbox must be selected for any subordinate checkboxes to be selected.
- The same is true for the **Show the student's response for each question** checkbox and its subordinates.
- Selecting **Show the evaluation of the student's response** will display the value assigned to the question.
- Selecting **Show the full evaluation of each question** will display the value assigned to the question, and the response to the question.
- Selecting items i and ii under **a) Show the student's response for each question** is essentially the same as selecting item iii under **a) Show the student's response for each question**.
- **E-mail results to** Enter the *external* email address to which you want students' results to be sent.

Submission Properties

Submission Properties

Submission message:

E-mail submissions:

Send a copy of each Student's submission via e-mail to:

- Enter a **Submission message** if you want to specify a message that students will receive once they submit a quiz.
- **E-mail submissions:** Enter an email address if you want Students' submissions to be e-mailed to an external e-mail address.

Security Properties

Security Properties

Proctor password:
A Student must enter this password to access the assessment.

IP address:

IP address mask:
If Students' machines must match portions of the specified IP address, in the corresponding IP address mask text boxes, enter 255. If Students' machines do not need to match portions of the specified IP address, in the corresponding IP address mask text boxes, enter 0.

- **Proctor password:** Enter if you want to assign a password that students must enter in order to access the quiz.
- **IP address:** Enter if you want to assign an IP address that Students' machines must match in order to access the quiz.
- **IP address mask:** Enter as described in inline text on screen. For more selective mapping of IP address masks, use the numbers **1** to **254**.
- Click **Save**.
